

ROUSH®

Focused. Driven. Committed.

Roush Industries Job Posting August 30, 2010 – September 6, 2010

Senior CAD Designer – Catia V5

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 2000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, life sciences, alternative fuels and consumer products industries.

We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

Due to continued success, Roush is undergoing an exciting period of growth across many domains. We have a current opening for a **Senior Designer** who will be responsible for powertrain engine design. The position is located at our Allen Park, MI facility.

Requirements:

- Bachelor's degree in a technical field
- Minimum twenty years of CAD experience in automotive design
 - Minimum five years' CATIA V5 experience
 - Highly proficient using Team Center and VisMockup
- Engine design experience to include all of the following: cylinder blocks, camshafts, cam drive, cam covers, and engine mounts
- Working knowledge of geometric dimensioning & tolerancing (GD&T)
 - Core modeling experience
 - Good communication skills, written and oral
 - Good organizational skills
 - Must be willing and able to complete all tasks assigned
- Must be able to take direction and perform the necessary tasks
 - Able to work independently and as a team member
 - Must be able to work core hours

You must refer to this posting to be considered. Send resume by September 6, 2010. **AA/EEO**
