

Roush Job Posting
August 20, 2010 – September 20, 2010

Vehicle Evaluators / Test drivers

A full-service engineering supplier headquartered in the Detroit suburb of Livonia, Michigan, Roush has over 2000 employees in more than 40 facilities across the United States and interests around the world. Widely recognized for providing engineering, testing, prototype development, and manufacturing services to the transportation industry, Roush also provides significant support to the automotive aftermarket, electronics, consumer product, and motorsports industries.

We are focused on performance, driven by technology, and committed to successYOUR SUCCESS!

Yes, we love our cars, but our people drive us to the forefront of industry.

Needed: Weekend and Evening Shift Drivers to test and evaluate new cars and trucks. We are currently in need of drivers who are experienced with modern on board electronic systems such as Navigation Systems, Bluetooth systems for Cell Phone and Audio Player functions, iPod and MP3 player interface and using Automatic Heating Ventilation and Air Conditioning systems.

Shift Schedule for Vehicle Evaluators / Test Drivers

Shift 1 - 5:00AM - 1:30 PM

Shift 2 - 5:00PM - 1:30 AM

Note: May require occasional overtime due to traffic conditions. We will also occasionally run 10-hour shifts.

Vehicle Evaluator \$8.00 - \$8.50 per hour

Vehicle Evaluators test drive new and prototype cars and trucks and report issues and provide opinions regarding vehicle function, comfort, and performance. Candidates must be responsible individuals with clean driving records, no moving violations within the last year and no at-fault accidents within the last 18 months. A minimum of 5 years driving experience is required. A DMV printout will be required.

No automotive technical experience is required to be a vehicle evaluator and we encourage women and men to apply.

Vehicle Evaluators will be assigned to drive prototype vehicles on public roads during an 8 or 10 hour shift. You will drive on a predetermined route and execute specific test procedures. During the shift you will fill in evaluation and incident report forms regarding vehicle function. You must be able to write clear and concise reports about what you experience and explain your perception of vehicle performance, function, and comfort.

Job Description:

- Drive vehicles in small groups on designated routes.
- Report any functional issues encountered while driving.
- Test vehicle features and systems and provide feedback relating to vehicle performance/issues.
- Positions based in Henderson, CO.

Successful candidate will:

- Have good attention to detail and be able and ready to complete all tasks assigned.
- Be a self-starter, self-motivated and work well in a team atmosphere.
- Have a willingness and thirst to learn.
- Have strong verbal and written communication skills.

You must refer to this posting to be considered.

AA/EEO
