

ROUSH®

Focused. Driven. Committed.

Roush Industries Job Posting August 13, 2010 – September 13, 2010

CNC Machinists (Lathe)

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 2000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, life sciences, alternative fuels and consumer products industries.

We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

Are you able to start with a print and create a part from scratch? If so, we may have an opportunity for you. Roush needs versatile and experienced CNC Lathe operators and programmers to work in our machine shop. These positions are in Livonia, MI.

Requirements:

- Minimum five years' CNC lathe experience including setup, operating, and programming.
- Must have experience with Fanuc controls.
- Must be able to demonstrate proficiency with G & M codes.
- Must be able to read and interpret blueprints with GD&T tolerancing.
- Must be able to inspect own work.
- Must have own tools.
- Must be able to work overtime when necessary.
- Excellent communication skills.

Preferred:

- Mori Seiki turning center experience preferred.

Benefits include medical, dental, vision, life insurance, LTD, 401K, paid vacation, and paid holidays.

You must refer to this posting to be considered.
