### **Roush Receives Ford World Excellence Award for Superior Performance in 2007**

LIVONIA, MI. (April 16, 2008) – Roush, a leading automotive supplier, today announced it has received a Ford Motor Company World Excellence Award for 2007. Ford's World Excellence Awards are given to its global suppliers to acknowledge their exemplary technical performance in working to help Ford develop high quality, lower cost vehicles.

With the World Excellence Awards, Ford recognizes suppliers who have consistently demonstrated superior quality, delivery and cost performance. In delivering the Awards, Ford President Alan Mulally emphasized Ford's efforts to more fully integrate suppliers into their processes. The suppliers honored with the Award were chosen both for their technical abilities and their embracing of Ford's vision of profitable growth, teamwork, and a better world.

Founded in 1976, Roush is a full-service engineering supplier headquartered in the Detroit suburb of Livonia, Michigan, with over 2,500 employees in facilities located throughout North America. Widely recognized for providing engineering, testing, product development, and manufacturing services to the transportation industry, Roush also provides significant support to the automotive aftermarket, electronics, consumer product, and motorsports industries. More information can be found at their website, [www.roushind.com](http://www.roushind.com).
