Due to continued success, Roush is undergoing an exciting period of growth across many domains. We have a current opening for a **Program Manager** in our Global Tooling group, who will be responsible for planning, organizing, executing, and monitoring all aspects of the assigned programs to achieve internal and external customer commitments for delivery, performance, and financial requirements for injection mold tooling programs. The position is located at our Farmington, MI facility.

#### Your Role:

- Direct the completion of new programs that achieve budget and schedule requirements
- Exhibit responsiveness and a proactive approach to communication that will result in excellent customer relations
- Develop and implement processes that deliver quality and timely products
- Provide leadership, guidance, coaching, and technical support to team members

#### Requirements:

- Bachelor's degree in Engineering or Business Administration; three to five years' related management or supervisory experience; or equivalent combination of education and experience
- Minimum five years' project/program management experience in a plastic injection environment that includes molded parts and tooling
- Previous automotive industry experience supplying to OEM or Tier 1 suppliers
- Must possess strong leadership/management skills, be self-motivated, and have the ability to manage projects and problem solve
- Must be customer focused
- Must be cost and schedule focused
- Excellent computer skills and knowledge of computer software (Windows, Word, Excel, etc.)
- Must be familiar with the following data managements systems: GPIRS, TCe, WERS, WebQuote and other Covisint systems
- Excellent written and verbal communication skills
- Must be able to handle multiple tasks and work flexible hours
- Possess a valid Passport and be willing to travel domestic and international up to 15% of the time

**You must refer to this posting "Program Manager" to be considered.** Send resume by December 31<sup>st</sup>, 2013. AA/EEO
